

Jazzy® Carbon

Weight Capacity	300 lbs. / 136 kg
Turning Radius³	24"
Overall Width³	24"
Overall Length³	37"
Maximum Speed²	Up to 3.7 mph / 6 kmh
Ground Clearance³	2"
Front Casters³	7"
Drive Wheels³	8.5" solid
Rear Casters³	N/A
Drivetrain	24v/250W brushless motors
Braking System	Regenerative and electromechanical
Suspension Type	Front
Standard Seat³	17" x 17" black foam
Seat-to-Floor Range³	20.25" with standard cushion 18.75" without cushion
Per Charge Range^{3,5}	Up to 9.3 miles / 15 km
Standard Electronics	35A Brushless Micon
Component Weights^{1,3}	Base: 39.6 lbs. / 18 kg Battery: 4 lbs. / 1.8 kg
Total Weight^{3,4}	43.6 lbs. / 19.8 kg with batteries
Battery Requirements	24V 12AH (288WH) lithium-ion
Battery Charger	2 amp, lithium-ion off-board
Warranty	Lifetime limited on frame; 1-year limited on electrical control/ lever system, motor/drive system, bearing sleeve and battery

¹ Battery weight may vary based on manufacturer.

² Varies with user weight, terrain type, battery amp-hour (AH), battery charge, battery condition and tire condition. These specifications can be subject to a variance of (+/- 10%).

³ Due to manufacturing tolerances and continual product improvement, this specification can be subject to a variance of (+ or - 3%).

⁴ Total weight includes base, seat and batteries.

⁵ Tested in accordance with ANSI/RESNA, WC Vol2, section 4 & ISO 7176-4 standards. Results derived from theoretical calculations based on battery specifications and drive system performance. Test conducted at maximum weight capacity.

The advertisement features a black and white Jazzy Carbon Travel Lite power chair in the foreground, positioned on a paved surface. In the background, the same chair is shown in its folded state, suspended in the air against a blue sky with white clouds. The chair has a black seat, a black frame, and large black wheels. The text 'Jazzy® carbon' is prominently displayed at the top in a stylized font, with 'Jazzy' in white and 'carbon' in red. Below this, the words 'TRAVEL LITE' are written in large, bold, red letters. At the bottom of the image, the text 'CANADA'S FAVORITE POWER CHAIR' is written in white, followed by the website 'pridemobility.ca' and social media icons for YouTube, Facebook, Twitter, and Instagram.

TRAVEL LITE

Padded seat back with storage pocket

Ultra-lightweight, carbon fiber frame

Airline compliant lithium battery*

Under-seat storage

Removable joystick with integrated USB charger

Compact base easily folds and unfolds for easy transport in a few easy steps

Front suspension for a smooth ride

Travel Lite

You know Jazzy® for its industry-leading performance and quality. Now let's talk about portability. The Jazzy® Carbon uses ultralight but exceptionally strong carbon fiber technology for its frame and a lightweight, reliable lithium-ion battery.

Travelers keep their Jazzy Carbon charged and standing by for spontaneous jet-setting adventures. They know it breezes through airport security, easily stows on the plane and gives them the mobility support they need to make the most of their travels.

Weighing in at a stunning 43.6 pounds (19.8 kg), the Jazzy Carbon still provides top speeds up to 3.7 mph (6 kmh) with a weight capacity of 300 pounds / 136 kg.

Features

- Joystick with built in USB charger is removable for transport
- Airline compliant lithium battery*
- Front suspension for a smooth ride
- Ultra-lightweight, carbon fiber frame specifically designed for traveling
- Compact base easily folds and unfolds for easy transport in a few easy steps
- Padded seat back with storage pocket and soft, removable seat cushion for all-day comfort
- Free-wheel levers easily disengage the brake, allowing this lightweight power chair to be pushed like a manual chair
- Under-seat storage and adjustable lap belt

Available Colors

White
