

HELIX

FREEDOM IN EVERY TURN

**4-WHEEL PIVOT
STEERING SYSTEM**

**FOLDS FULLY FLAT
FOR STORAGE**

**4-WAY
ADJUSTABLE TILLER**

UNSHAKABLE STABILITY. EFFORTLESS MANEUVERABILITY.

The HELIX is the scooter that moves like a power chair. Featuring an industry-first 4-wheel pivot steering system and our unique Wide Wheel Track™ design, experience the best-in-class stability and safety where every maneuver is tight, smooth, and effortless.

THE SCOOTER THAT MOVES LIKE A POWER CHAIR

- Featuring a 37" tight turning radius, maneuver through tight spaces and turns with the ease and agility of a power chair.
- Best-in-class stability & safety thanks to our unique Wide Wheel Track™ design.
- 4-way adjustable tiller allows you to change the height and angle to suit your needs.
- 3 backrest height levels to choose from to support good posture.
- Enhanced user comfort thanks to our fully padded, contoured seating.
- Built-in front and rear lights for added visibility at night and when reversing, so that you can ride confidently.
- Easily folds to a fully flat position for compact storage, loading, or travel.
- Built-in tow handle on the footrest makes rolling your folded scooter effortless.
- (Add-on) 4-inch thick deluxe padded seat cushion for enhanced custom comfort.
- (Add-on) Armrests with an adjustable width of 15.75" - 21.6" offer added support.
